OC2

The OC™   The O'Neil Compact™ Serial & Wireless Portable Thermal Printer

The O'Neil Compact™ - the OC™, is the world's most streamlined, light weight, and ergonomic family of portable label and receipt printers. Designed especially for those labeling and transaction applications where ergonomic considerations, ultimate portability, and smart looks are paramount, the OC is ideal for a wide variety of mission-critical applications.

The OC2 is a thermal printer that provides receipts and labels up to 2.25 inches wide, and addresses the continually expanding requirements associated with point-of-sale and on-demand transaction activities. The advanced features standard with the OC2 offer extreme user flexibility to meet unique and industry-specific portable printing requirements. These features include 802.11b/g or Bluetooth® networking capabilities, high print quality, Flash memory, intelligent power management and font and language adaptability.

Retail. The OC2 is ideal for mobile point-of sale and line/queue-busting where it can print receipts and take payments with its integrated magnetic stripe card reader. And because of its sleek styling and good looks, the OC2 is at home in any retail environment.

Hospitality. Let the OC2 eliminate long lines and improve your customer service with mobile check-in and check-out. In the restaurant environment, the OC2 is perfect for order-taking at tableside. The integrated magnetic stripe card reader allows you to quickly take payments and issue receipts on the spot.

Transportation. The OC2 can create and issue boarding passes as well as passenger check-in anywhere it's needed. During in-flight meal service and shopping, let the OC2 take payment and issue receipts.

Field Sales and Service. Prevent driver delays and improve efficiency and customer service with the OC2's mobile receipt printing and transaction processing capabilities. The OC2 sets a new standard for portable thermal printers. No other family of printers available

today is designed to be as ergonomic, light weight and sleekly styled.

Outstanding Print Quality. The OC2's reliable print mechanism offers outstanding print clarity, allowing the printing of graphics, bar codes and logos. The OC2's full two- year warranty, even on the printhead*, offers peace of mind with our promise to stand behind every product we sell.

Wireless Printing. When wireless is a necessity, count on O'Neil to offer the most reliable solution. Our integrated 802.11b/g module connects the OC2 to your wireless network. Our Bluetooth® module offers the convenience of a wireless personal area network, eliminating the need for mobile workers to return to their vehicle to print receipts or tickets. O'Neil was the first portable printer manufacturer to incorporate the Bluetooth protocol in Flash memory, eliminating the need for costly software and hardware upgrades whenever the wireless specification changes.

Power to Spare. The OC2's Lithium-ion battery offer maximum power capacity for a full 10+ hour shift, even under the toughest conditions. It can print as many as 1,087 – 6" receipts, on a single battery charge. Its automatic "sleep" mode saves power and the fast 3.5/4.5-hour recharging time, along with optional vehicle charger, provides an ideal solution for long and intense printing applications.

Flash Memory. As business changes, so might your printer needs. We pioneered the use of Flash memory many years ago allowing you to change fonts and functions simply by connecting the printer to a computer. There is no need to return the printer for an upgrade.

We Speak Your Language. Any Language. O'Neil has eliminated the font and character limitations found in other printers. In cooperation with Bitstream® fonts, any international character set can be added to the OC2 with a one-time minimal setup fee.

"By upgrading the hand-held computers and printers we use for billing, we've taken another step in our effort to lighten the load on our delivery team to make it more efficient and better able to serve our 20,000 customers."

► Wireless 802.11b/g or Bluetooth®

An embedded 802.11b/g module connects the OC printer to a wireless network in peer-to-peer or infrastructure mode and complies with the IEEE 802.11b/g interoperability standards for direct sequence wireless local area networks. When the printer is configured with the integrated Bluetooth module, users can realize all of the convenience, power efficiencies and cost benefits of a wireless personal area network.

► 2-Year Standard Warranty

O'Neil offers the industry's only two-year standard warranty - twice that of the competition. In an industry where standard warranties offer only one year or less of coverage, O'Neil's two-year warranty not only doubles your protection but also drastically reduces your total cost of ownership.
